

KESHAR PATIL

Aspiring Software Engineer | Java, Python, AI/ML

Phone: 6354399418 | Email: kp827874@gmail.com | Location: Shirpur, Maharashtra

SUMMARY

Final-year B.Tech student (Computer Science & Data Science, graduating 2027) with hands-on experience building Java and Python applications, and developing Machine Learning / NLP based systems. Comfortable across the stack — from CRUD application development to data analysis and model building — and quick to pick up new tools. Seeking a Trainee Software Engineer role to apply and grow these skills on real-world SaaS products.

TECHNICAL SKILLS

- **Languages:** Java, Python, SQL
- **AI/ML & Data:** Machine Learning, NLP, Pandas, NumPy, Keras, TensorFlow, Django, Flask
- **Web Technologies:** HTML, CSS
- **Data Visualization & Tools:** Power BI, Tableau, Excel
- **Core CS Fundamentals:** OOP, Data Structures, DBMS, Machine Learning fundamentals
- **AI-Assisted Dev Tools:** Claude, ChatGPT, GitHub Copilot, Replit, Gamma
- **Soft Skills:** Communication, Time Management, Adaptability

PROJECTS

Airline Management System | Java, Swing, MySQL

- Built a desktop application to manage core airline operations — flight scheduling, passenger booking, and ticket management — with a modular, reusable class structure.
- Implemented full CRUD operations using Java Swing for the UI and MySQL for backend storage, ensuring reliable, real-time data handling.

Fake News Prediction System | Python, Machine Learning, NLP

- Developed an ML-based classification system using NLP techniques (text preprocessing, vectorization) to detect real vs. fake news articles.
- Built and evaluated the model using Pandas, NumPy, and scikit-learn to analyze textual data and predict authenticity, aimed at combating misinformation.

Crime Rate Dashboard | Power BI

- Designed an interactive dashboard visualizing crime trends across Indian states, integrating multi-year cognizable crime datasets.
- Built dynamic charts, slicers, and KPIs to enable data-driven comparison and trend analysis for end users.

EDUCATION

R. C. Patel Institute of Technology, Shirpur, Maharashtra

- Bachelor of Technology — Computer Science Engineering and Data Science | CGPA: 7.71 | Expected 2027

Shri C. R. Desai Swaminarayan High School, Valsad, Gujarat

- SSC & HSC

ACHIEVEMENTS & CERTIFICATIONS

- **CodeChef:** Awarded Diamond Badge for solving 1000+ problems, demonstrating strong analytical and problem-solving skills.
- **Smart India Hackathon:** Qualified for Round 3 (College Level) by developing a practical tech solution to a real-world problem.
- **Converges 2K25 (RCPIT):** Top 10 finish in Animeverse, outperforming 100+ participants.
- **Deloitte:** Completed the Data Analytics Job Simulation certificate program.
